

## General Industrial

Crane Nonwovens products have long been the preferred choice for general industrial applications. Choose Craneglas or Cranemat for a coating base, saturating base or printing substrate.

		Materials of Composition		Applications		
	Fiber	Binder System		Coating Base	Saturating Base	Printing Substrate
		Standard	Special			
<b>Craneglas</b>						
230	Electrical Grade Glass	PVOH	Just Ask		X	
330	Electrical Grade Glass	PVOH	Just Ask		X	
<b>Cranemat -- Traditional Polymers</b>						
SR	100% Polyester (PET)	None			X	
CB	Bicomponent PET/PE	None			X	
CU	Calendered PET	None		X		X
RS	Calendered PET	None			X	
RC	Calendered PET	None		X	X	
<b>Cranemat -- Harsh Environment / High Temperature Polymer</b>						
CC	Poly Phenylene Sulfide	PVOH		X	X	X
